

SHEKHER TANWAR

Software Developer — React Native | Node.js | AWS

Gurgaon | Noida | Bengaluru • shekhar.tanwar889@gmail.com • +91 9812214724 • linkedin.com/in/shekher-tanwar-0310b3255

PROFESSIONAL SUMMARY

Software Developer with 3 years of experience designing and shipping scalable fintech and cross-platform mobile applications. Strong background in system design, performance optimization, and CI/CD automation using Fastlane and GitHub Actions. Proven track record of reducing app crashes by 40%, improving code quality through structured code reviews, and mentoring junior engineers. Skilled across the full stack with React Native, Node.js, AWS, and PostgreSQL, with a strong focus on writing secure, maintainable, and production-ready code.

CORE COMPETENCIES

System Design • Cross-Platform Mobile Development • Performance Optimization • CI/CD Automation • API Design & Integration • Secure Storage & Authentication • Code Review & Mentorship • Agile/Scrum • Debugging & Crash Analysis • Data Visualization

TECHNICAL SKILLS

Frontend & Mobile: JavaScript, TypeScript, React Native, React.js, Next.js, React Navigation, Redux Toolkit, Zustand, Tailwind CSS

Backend: Node.js, Express.js, PostgreSQL, MongoDB, Prisma, REST APIs

Cloud & DevOps: AWS (EC2), Fastlane, GitHub Actions, CI/CD, Docker (basics)

Tools & Libraries: Chart.js, Highcharts, D3.js, ZingChart, Firebase, Flipper, Reactotron, Jest

Mobile Expertise: Deep Linking, OTA Updates, Secure Storage, Biometric Auth, App Releases (Play Store, App Store)

WORK EXPERIENCE

Software Developer — Abacus Desk IT Solutions Pvt. Ltd. Jul 2023 – Jun 2026

- Built and optimized cross-platform React Native applications with modular architecture and offline-first patterns, improving maintainability and reducing development time for new features.
- Implemented Fastlane-based CI/CD pipelines and deployed web, backend, and mobile applications across AWS and app stores, streamlining release cycles.
- Mentored 5 junior developers through structured code reviews and pairing sessions, improving code quality and reducing defects by 25%.
- Integrated biometric authentication and secure storage using React Native Keychain; resolved critical package compatibility issues using patch-package.
- Reduced application crashes by approximately 40% by leveraging Firebase Crashlytics and Flipper for real-time profiling and debugging.
- Collaborated with cross-functional teams (design, QA, product) in an Agile environment to deliver features on schedule.

Tech Stack: React Native, React.js, Node.js, MongoDB, AWS, Jest, Fastlane, JavaScript, TypeScript, Firebase

KEY PROJECTS

- Car Parking Application:** Built a cross-platform parking app with ticketing, slot validation, real-time availability updates, and end-to-end deployment.
- Personal Finance Dashboard:** Developed an income–expense tracking tool with interactive charts and real-time data visualization for personal budgeting.
- Student Management System:** Built a system for attendance tracking, syllabus access, reminders, push notifications, and performance visualization via charts.
- CRM (SFA/DMS):** Delivered a sales force automation and distributor management system covering attendance, daily activity tracking, and expense management.

ACHIEVEMENTS

- Awarded "Best Coder 2024" at Abacus Desk IT Solutions for outstanding contributions to product improvements.
- Led a frontend revamp initiative that improved UX consistency and increased user engagement.
- Built advanced data visualization dashboards using D3.js, Chart.js, and Highcharts for internal and client-facing tools.

EDUCATION

Master of Computer Applications (MCA) | J.C. Bose University of Science and Technology 2024 – 2026

Bachelor of Computer Applications (BCA) | Delhi University 2020 – 2023

Intermediate (12th), HBSE | March 2020
